Subject: Re: Savage Coal Terminal UPDES Data Input

Wende,

I have uploaded all three samples for Savage from the pipeline, into the permanent database. The only sample you still need to get in (you have until Sep. 30) is CV-1-W.

Please let me know if you have any questions.

Thank you very much.

The following sample has been okayed to be uploaded:

CV-15W No Flow - 06/06/05

Let me know if there are any problems.

Thanks,

Wende
